

Dares Intertech Company Limited is a Tanzanian local gold and copper producer, is involved in the extraction of precious minerals and other geological materials. The extracted materials are transformed into a mineralized form that serves an economic benefit to the prospector , located in north-western Tanzania, in the Lake Victoria gold belt of Geita Region, about 120Km from Mwanza and 8Km west of township of Geita.

It has been in operation as a medium scale mine.

## **CORE VALUES**

### **Zero Harm Workplace**

Because our people are our greatest asset, safety is of paramount importance. It is inherent in every part of our business and is everyone's responsibility to adhere to our safety standards. As a business, it is an integral requirement to not only ensure the safety of our employees, but also the communities in which we operate. We aim to mitigate known hazards and target a zero harm workplace.

### **Partnerships**

We foster genuine partnerships and deliver on our commitments to partners. Earn trust, and create transparency to build and enhance enduring partnerships between our employees, shareholders, stakeholders and with the countries and local communities in which we operate.

### **Results Driven**

We are results-driven through agile decision-making and disciplined execution. Keep it simple and deliver fit-for-purpose solutions.

### **Be Honest, Transparent and Act with Integrity**

We communicate directly, honestly and transparently. Create platforms to enable employees to feel free to voice their opinions. Act with integrity, always.

### **Responsible and Accountable**

Act as owners, respect each other as peers and work as a team towards achieving our mission (One Team, One Mission). Take initiative. Own up to mistakes and learn from them. Drive change. Lead by example and always look for ways to make things better.

### **Responding to COVID-19**

In the effort to make sure employees work in a safe and healthy environment, management of Dares Intertech Company Ltd has put in place strong measures to protect its employees against the COVID-19 pandemic.

### **A top employer**

Dares employs over 75 individuals of which 98% are Tanzanians.

### **Community Projects**

In Tanzania, community development is one of the material issues to which we are committed. Dares is among of the company in Tanzania to execute its Corporate Social Responsibility Plan as per the amended Mining Act of 2017.

### **Vision & Commitment**

Dares has a vision of becoming one of the foremost mining company in the Sub Saharan countries.

Dares executives are committed to this vision and are actively seeking company accreditation to international standards.

#### **Objective**

To provide mining and associated Mining services of the highest professional level with a safety and environmental record second to none

#### **Mission**

Our mission is to be the world's most valued gold mining business by finding, developing, and owning the best assets with the best people to deliver sustainable returns for our owners and partners

Slogan

“ Safety and the Environment are at the Heart of Dares Responsibilities Foundation.

## OPERATIONS.

In line with our commitment to finding, developing and operating the best assets, DICL is focused on high-margin, long-life operations and projects clustered in the world’s most prospective gold districts.

DICL owns the following gold mine and the status of the project as shown below.

No	GOLD MINE	STATUS
1.	Nyamilima Gold Mine PML0897GTA 70% ownership.	In Operation
2.	Ushirombo Mine with PL/27540/2024 50% ownership.	In Exploration.
3.	Nyamilima Gold Mine PML 0899 GTA 70% ownership.	In Operation

## Our Approach to Sustainability.

**At Dares, our sustainability strategy is our business plan. We resolutely believe that successful modern mining companies must deliver long-term value to all stakeholders, not just shareholders.**

Beyond that, they must also operate responsibly, and manage and mitigate their impacts on the wider environment, including the biophysical, social and cultural environment. We also believe that fundamental sustainability concepts such as building climate resilience, responsibly managing water use, protecting biodiversity and poverty eradication are inextricably linked and are best managed holistically.

## Managing Directors Statement.

As Managing Director of DARES INTERTECH COMPANY LIMITED, I would like to express the company’s sincere gratitude to all our stake holders that have given us the opportunity to participate in mining industries over the past twelve years. Currently we are engaged as the primary mining company in with the establishment of a Carbon in Pulp processing plant in Mpovu-Mchangani Geita, we are also look forward to invest on exploration of the Ushirombol mine and set up a 2000tpd CIP plant which will not only used to grind the extracted ore from our mine site but also the local small miners around will enjoy the planted illusion we aim to serve the community as per the amended Mining Act 2017 and implement our zero harm policy to protect the community and the environment, I call up

on stake holders with a world class Characters to come and invest on us for mutual benefit.
